As required by the Corporations Act, the Board has presented the Remuneration Report to Shareholders for consideration and adoption by a non-binding vote. The Remuneration Report contains:

- information about the Board's policy for determining the nature and amount of remuneration of the Directors and senior executives of the Company;

EXPLANATORY MEMORANDUM

2. Resolution 2 – Re-election of Dr Paul Kitto as a Director

2.1. Introduction

Dr Paul Kitto was appointed as a director on 16 October 2020.

Clause 12.3 of the Constitution provides that:

- (a) A Director must not hold office without re-election:
- (i) past the third annual general meeting following the Director's appointment or last election; or
 - (ii) for more than three years,

whichever is the longer.

- (b) There must be an election of Directors at each annual general meeting of the Company. This can be satisfied by one or more of the following so long as the maximum number of Directors set by the Company in general meeting (if applicable) is not exceeded:
1. a person standing for election as a new Director having nominated in accordance with article 12.6;
 2. any Director who was appointed under article 12.7 standing for election as a Director;
 3. any Director who is retiring at the end of the annual general meeting due to the tenure limitation in article 12.3(a), standing for re-election; or
 4. if no person or Director is standing for election or re-election in accordance with paragraphs (a), (b) or (c), then the Director who has been a Director the longest without re-election must retire and stand for re-election. If two or more Directors have been a Director the longest and an equal time without re-election, then in default of agreement, the Director to retire will be determined by ballot.
- (c) This article does not apply to one Managing Director who is exempt from retirement and re-election in accordance with article 13.10. This article 12.3 only applies while the Company is on the official list of ASX

Dr Paul Kitto was appointed by the Directors pursuant to Clause 12.7 of the Constitution on 16 October 2020 and accordingly holds office until the date of this Meeting, and being eligible, seeks re-election.

The Board (other than Dr Kitto) unanimously supports the re-election of Dr Kitto

Resolution 2 is an ordinary resolution, requiring a simple majority of eligible votes cast by the Shareholders if it is to be passed.

2.2. Director's Biography

Dr Kitto has over thirty years' experience working within the mining industry, having served on a number of ASX Boards and having held senior level management positions around the world, including Australasia and Africa. Dr Kitto is currently Technical Director for ASX listed Tietto Minerals (ASX: TIE).

Dr Kitto was most recently (2015-2019) Exploration Manager, Africa for Newcrest Mining Ltd and prior to that, was Chief Executive Officer and Managing Director of ASX listed Ampella Mining Ltd from 2008 until 2014, when Ampella was acquired by LSE/TSX listed Centamin PLC.

2.3. Directors' Recommendation

All the Directors except Mr Burke recommend that Shareholders vote in favour of Resolution 2.

3. Resolution 3 – Approval of 10% Placement Facility

3.1. General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

Listing Rule 7.1A provides that an Eligible Entity may seek shareholder approval by way of a special resolution passes at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**10% Placement Capacity**).

An 'eligible entity' means an entity that is not included in the S&P/ASX300 Index and which has a market capitalisation of \$300 million or less. The Company is an eligible entity for these purposes.

Resolution 3 seeks shareholder approval by way of special resolution for Meteoric to have the additional 10% capacity provided for in Listing Rule 7.1A to issue equity securities without shareholder approval.

If Shareholders approve Resolution 3, the number of Equity Securities the Eligible Entity may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (as set out below).

The effect of passing Resolution 3 will be to allow the Company to issue Equity Securities up to a combined limit of 25% pursuant to Listing Rules 7.1 and 7.1A without any further shareholder approval. If Resolution 3 is passed the Company will be permitted to issue Equity Securities up to 10% of the Company's fully paid ordinary securities on issue under the 10% Placement Capacity during the period up to 12 months after the Meeting, without subsequent Shareholder approval and without using the Company's 15% annual placement capacity granted under Listing Rule 7.1.

METEORIC RESOURCES NL
ABN 64 107 985 651
EXPLANATORY MEMORANDUM

Resolution 3 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders entitled to vote on the Resolution must be in favour of Resolution 3 for it to be passed.

If Resolution 3 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities to issue equity securities without shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without shareholder approval set out in Listing Rule 7.1..

3.2. ASX Listing Rule Requirements

Pursuant to ASX Listing Rule 7.1A.3 the issue price for each security issued under the Additional Placement Capacity will not be less than 75% of the volume weighted average price for securities in that class over the 15 trading days on which trades in that class were recorded immediately before:

- the date on which the price at which the securities are to be issued is agreed; or
- if the securities are not issued within 10 trading days of the date above, the date on which the securities are issued.

Equity securities that may be issued under listing rule 7.1A will only be in an existing quoted class of securities and be issued for cash consideration only.

The issue of equity securities under the Additional Placement Capacity may result in voting dilution of existing ordinary shareholders (as shown in the table below). There is also the risk that:

- the market price for equity securities in that class may be significantly lower on the issue date than on the date of the Annual General Meeting; and
- the equity securities may be issued at a price that is at a discount to the market price for those equity securities on the issue date.

Table 1 below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A.2 on the basis of the current market price of Shares and the current number of ordinary securities quoted on ASX for variable "A" calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this Notice.

The table also shows:

- (i) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- (ii) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 50% against the current market price.

Number of Shares on Issue	Issue Price (per Share)	Dilution		
		\$0.0240 50% decrease in Issue Price	\$0.048 Current Issue Price	\$0.0720 50% increase in Issue Price
1,240,214,346 (Current)	10% voting dilution	124,021,434 Shares	124,021,434 Shares	124,021,434 Shares
	Funds raised	\$2,976,514	\$5,953,029	\$8,929,543
1,860,321,519 (50% increase)	10% voting dilution	186,032,151 Shares	186,032,151 Shares	186,032,151 Shares
	Funds raised	\$4,464,772	\$8,929,543	\$13,394,315
2,480,428,692 (100% increase)	10% voting dilution	248,042,869 Shares	248,042,869 Shares	248,042,869 Shares
	Funds raised	\$5,953,029	\$11,906,058	\$17,859,087

The above table is based on the following assumptions:

- The number of shares on issue (Variable "A") is calculated as 1,240,214,346, being all the fully paid ordinary shares on issue as at the date of this Notice.

METEORIC RESOURCES NL
ABN 64 107 985 651
EXPLANATORY MEMORANDUM

- The Company issues the maximum number of equity securities available under the Additional Placement Capacity.
- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue.
- The table shows only the issue of equity securities under the Additional Placement Capacity and not under Listing Rule 7.1.
- The issue of equity securities under the Additional Placement Capacity includes only Shares.
- The issue price of \$0.048 was the closing price of shares on ASX on 2 October 2020.

Equity securities under the Additional Placement Capacity may be issued until the earlier of:

- the date that is 12 months after the date of the Annual General Meeting at which the approval is obtained; or
- the time and date of the entity's next annual general meeting; or
- the time and date of the approval by ordinary shareholders of a significant change to the Company's activities under ASX Listing Rule 11.1.2 or 11.2.

The Company may only issue equity securities under the Additional Placement Capacity for cash consideration to raise funds for the exploration and development of the Company's existing assets, the acquisition of new assets or investments (including assets associated with such acquisition), to repay debt or to fund working capital.

The Company will comply with the disclosure obligations under Listing Rules 7.1A.4 and 3.10.5A upon issue of any equity securities under the Additional Placement Capacity.

The Company's allocation policy for issues under the Additional Placement Capacity is dependent on prevailing market conditions at the time of any proposed issue. The identity of the allottees of the equity securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- the purpose of the issue;
- the methods of raising funds that are available to the Company, including rights issues or other issues in which existing shareholders may participate;
- the effect of the issue of the equity securities on the control of the Company;
- the financial situation and solvency of the Company;
- prevailing market conditions; and
- advice from the Company's advisors.

As the Company has no current plans to undertake a new capital raising using its additional 10% placement capacity, the allottees under the Additional Placement Capacity have not yet been determined but if such an exercise was undertaken, allottees may include existing substantial shareholders and/or new shareholders who are not related parties or associates of a related party of the Company.

The Company previously sought and obtained shareholder approval under Listing Rule 7.1A at the immediately prior Annual General Meeting held 22 November 2019.

In accordance with Listing Rule 7.3A.6, in the 12 months preceding the date of this meeting, the Company issued 5,000,000 ordinary shares pursuant to ASX Listing Rule 7.1A.2 representing 0.52% of the total number of equity securities on issue from the commencement of the last approval of Listing Rule 7.1A..

A voting exclusion statement has been included in this Notice. However, as at the date of this Notice, the Company has not approached any particular existing Shareholders to participate in the issue of equity securities under the Additional Placement Capacity. No existing Shareholders' votes will therefore be excluded under the voting exclusion in the Notice. Details of the issues made as required by Listing Rule 7.3A.6(b) are set out below.
